Subject: SPECIAL ALERT: Feedback From Regulators Regarding Help

We recently received feedback from hundreds of you on your top three concerns about the impact of the coronavirus crisis and the greatest areas of assistance your bank or customers needed right away from regulators. We shared your responses with the regulatory agencies, and they have provided us with a list of the latest initiatives, guidance, and resources to share with you.

As the regulatory guidance continues to flow out on a daily and intraday basis, we will continue to provide you with the latest updates. If you happen to miss any of them though, feel free to visit our [COVID-19 Resource Center](#). We would also strongly advise all community bankers to check the press release and regulatory updates areas of your primary regulator's website every day in order to keep track of all of these fast-moving changes and stay informed.

Lastly, the regulators have scheduled a webinar on one of your key concerns — reporting on loan modifications. The webinar, [Interagency Statement on Loan Modifications and Reporting for Financial Institutions Working with Customers Affected by the Coronavirus](#), is this Friday, March 27.

We are all in this together. Please feel free to contact anyone on our team if we can assist you.

Regards,
